

# Local 804 Contract Committee Update

**VOTE NO X !**

## LOCAL 804 “NO’s” BETTER!

The National Contract’s Article 22.4 “Hybrid Driver” was meant to relieve regular package car drivers. But **Local 804 NO’s better!** This new classification is a threat to good jobs in Local 804. We opposed the International as soon as these jobs were introduced.

The Company **refused to add language for 22.4’s in our Supplement. Local 804 NO’s better!** For months, UPS rejected Local 804’s proposed language to protect its members without substantial concessions. The International cut off supplemental negotiations on July 19<sup>th</sup>, resulting in a supplemental agreement that does not include important Local 804 member protections and demands.

**Don’t let UPS reward Local 804 Teamsters’ hard work with a concessionary contract!**

“This fight with UPS shows what working people can accomplish when they all stick together.”

*- Local 804 President Ron Carey, 1997*

**WE ARE UNIFIED...IN OUR VOTES THERE IS STRENGTH**

**We urge all members to vote **NO** on both the National and Supplemental Contracts!**
