

THE FIGHT IS ON!

Local 804 Launches 2018 UPS Contract Campaign

The UPS National Contract and Local 804 Supplement both expire next year. However, Local 804 members must **PREPARE NOW.**

Strong contracts don't just happen without a lot of hard work. Your Local 804 leadership is committed to putting all our resources toward getting a fair UPS contract. That is why we have already launched our campaign, and why we have been outside UPS shops urging members to fill out contract proposals.

We need every member involved in our fight for a fair contract. If you haven't yet filled out a proposal form, go to our website www.teamsterslocal804.org and download one today. We want to know your 2018 bargaining priorities.

SOLIDARITY WILL GET THE JOB DONE

"We all have to stick together to get a fair contract. Don't sit on the sidelines. Get involved. Make your voice heard. Fill out contract proposals and talk to your Steward about how you can help. Together, we will get the job done at UPS and win a strong contract."

Alex Ruballo
23-Year Member, 43rd St.

HARASSMENT MUST BE STOPPED

"I want the contract to address harassment and dishonesty. UPS is constantly expanding the definition of dishonesty and harassing members. It must stop! That's why I am doing everything that I can to support our Union and join the fight for a fair contract."

Domingo Herrera
Steward, Maspeth

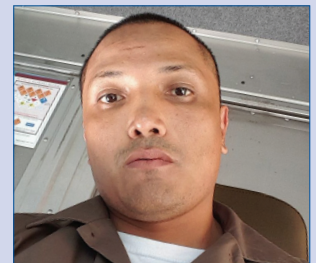

BETTER JOBS FOR UPS PART-TIMERS

"Part-timers want a chance to enter the middle class. We need to fight for more hours and more chances to become full-time. The only way we can make this happen is to stick with the Union. Stand up for our future. We will never be divided."

Cory Edwards
10-Year Part-Timer,
Manhattan South

FULL-TIMERS NEED GREATER RESPECT

"UPS needs to hire more full-timers. Drivers are working longer doing back-breaking work. Our members are getting hurt and their quality of life is going down the tubes. Let's all back up our Negotiating Committee to send a clear message: we are in this fight together."

Member, Maspeth
